# Frank Lloyd Wright

One of the greatest architects of the 20th century?

by Ian Crawley

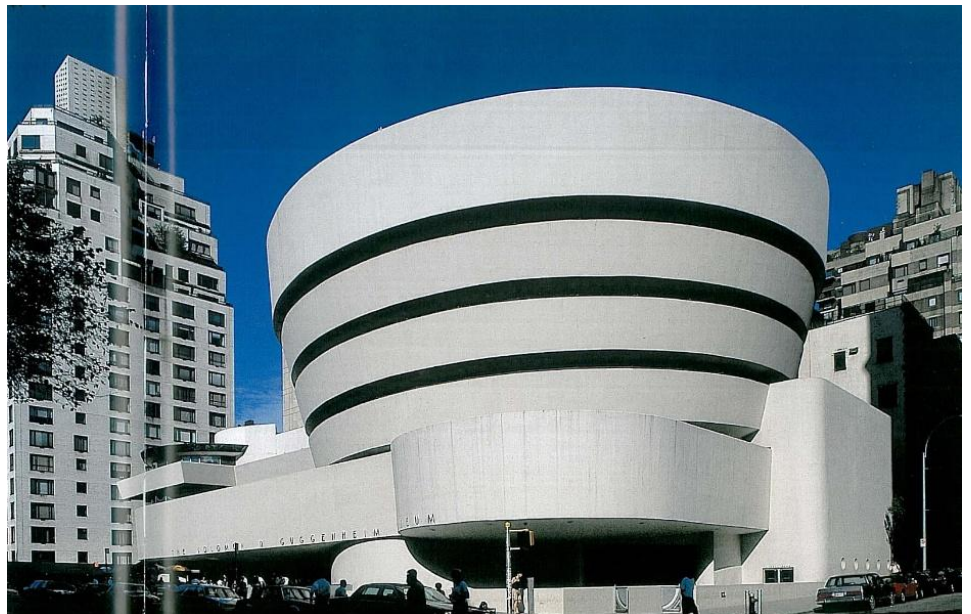

With a prolific career spanning the late 1800s through till the 1950s, Frank Lloyd Wright's work included a huge range of domestic and public buildings, many of which were revolutionary in their design.

Falling Water, 1936

Which buildings and architectural features made him so different and so memorable?

The Guggenheim Museum, 1959
